

26th September 2012

To Whom it May Concern,

For the last 4 years we have engaged the services of Global Lex Ltd, during this time they have carried out their duties in a most professional manner.

They have been most courteous and helpful at all times and were most diligent and patient with us throughout any process we were involved with them

This was deemed essential by us as we had no previous dealings in Bulgaria.

All management and staff whom we dealt with were also very good at communicating with us at all times and continued to give us timely updates and were also very good at returning calls/emails/texts..etc....this is something unfortunately nowadays we find a lot of companies lacking in!!!.

I would have no hesitation in recommending Global Lex Ltd to any person or company who are considering using their services now or in the future.

Please feel to contact me if further information required.

Yours sincerely

Kevin McDermott
