**Re: Reference Letter**

To whom it may concern

We are writing this reference letter to confirm that we have dealt with Global Lex Company since 2006. During this time they have provided us with excellent support in the area of legal consultations and advices, legal services and fulfilling the legislation procedures upon all of our requests.

Global Lex team was always opened to provide us with solutions on questions and problems we did have in very professional manner, in time and with great accuracy.

Based on our experience we recommend Global Lex to any partner or client they would work with in the future.

Yours faithfully,

Kiril Atanassov  
Country Manager
